This leaves the School Board with a balance on hand of \$15,860.88.

During the summer of 1929, extensive improvements and repairs have been made on the Town Hall Building, so that it is now in excellent condition for school and public purposes.

The girls' toilet has been placed in the basement; an additional room has been constructed and the entire building has been redecorated. When the building is used by the public the rental charges will be as follows: for dances, \$12.00; for entertainments and shows, \$10.00; other purposes, \$5.00.

Although our expenses in the new building are, of course, greater than under the old system, yet we hope to be able to meet expenses with the present appropriations and therefore recommend the same tax for the coming year.

An itemization of orders drawn and salaries follows:
